

TUMS Faculty Members' Proposed Courses and Research Projects

(Advanced Courses & Research Projects)

Dear esteemed colleague:

We would like to thank you for providing an opportunity for TUMS globalization efforts. The objective of TUMS Faculty Members' Proposed Courses and Research Projects (Advanced Courses & Research Projects) program is to bring interested International students to TUMS.

Please forward your Research/Course Proposal including the following information to us:

- Name of the contact person. This person will be listed as the contact person for your program (phone number, email address).
- Name of your Program.
- Is this a degree program? Will students receive a degree/certificate after completion?
- Description of your Program.
- Duration of your Program (start-finish).
- Number of International Students requested.
- Applicants' requirements (degree, level, previous experience ...).

Financing

- Is it necessary for the student to be paid or will the student pay a fee?
- Please explain, in detail, fee per student.
- Do you provide funding? (If so for how many students).
- Do you need funding? (Please be specific and explain in detail).
- If you are offering a course, can its tuition be waived?

All of our marketing efforts will be focused on international students; please provide your information in English.

Sincerely,
