Subject: Abstract Notification

The Internati
of Human Re

Dear Prof. Marzieh Ghafarnejad,

This is to inform you that the following abstract has been **approved** by the Scientific Committee as **Case report session.**

ID:#8129 **Title:** Management of Pregnancy in rudimentary horn
Author(s): Ghafarnejad M (Speaker)

SHARE WITH YOUR FRIENDS 👍

Important:

You are required to finalize your registration for the Congress by 6 March; any failure to do so will lead to the exclusion of your abstract from the Abstracts Collection and the removal of your presentation from the Scientific Program. **As presenter of the abstract you are entitled to a special registration fee!**

REGISTER NOW

How do I register for the Congress?

- Log in to your account on the Congress website using the same username and password you used to submit your abstract
- then click on the 'Registration' button: you will be able to choose the special fee named "Presenter of accepted abstract"

If you require an official Invitation letter you may download it directly from your personal page on the Congress website.

What if my registration is sponsored by a pharmaceutical company?

- then click on the 'Registration' button: you will be able to choose the special fee named "Presenter of accepted abstract"

If you require an official Invitation letter you may download it directly from your personal page on the Congress website.

What if my registration is sponsored by a pharmaceutical company?

In this case please ensure you contact the Congress Organizing Secretariat and we will keep the abstract in the Program and the Abstracts Collection as it is.

What if another author is going to present my abstract?

If another one of the named investigators has already completed their registration and will present instead of you, please communicate his/her name to us. The authorship of the abstracts in the Program and the Book of Abstracts will remain as you have submitted.

Guidelines for Case report sessions

"Case report sessions" will be dedicated to the presentation of case reports

- Case reports are scheduled to last roughly 5 minutes; please prepare no more than 5 slides.
- It is suggested to prepare the presentation using the official Powerpoint template
- Speakers will be asked to hand in their Powerpoint presentations at the preview room at the Congress venue. Presentations must be delivered at least one hour prior to the session start. Those speakers presenting in early morning sessions should ensure their presentations are delivered the previous afternoon.

When is my presentation scheduled?
The full Scientific Program will be published from February 26 on the Congress website. **Please remember that if your registration is not complete by March 6th your abstract will be removed from the program.**

Please do not reply to this email.
