Tehran University of Medical Sciences
South Kargar Street
Roozbeh Psychiatric Hospital
Tehran, 13337
Bahrain

02 December 2013

Dear Prof Akhondzadeh,

I am pleased to inform you that your abstract "*Comparing efficacy and safety of Crocus sativus L. with memantine in patients with moderate to severe Alzheimer's disease: A double-blind randomized clinical trial*", reference 53, has been accepted for **oral presentation** at *Pharmacology 2013*. Your presentation will take place on **Wednesday, 18 December 2013** from **16:15-16:30**. Details on the room will be available in the programme book in due course. We recommend a 10 minute presentation with 5 minutes for questions.

In the next step, your abstract will be reviewed with regard to suitability for publication on [pa2online](#) and you will be notified by 7 November if you have been asked to make changes. The outcome does **not** affect your **presentation** at the meeting.

Please note that you are not automatically registered for the conference. If you haven't already done so, [please register online](#) as soon as possible to confirm your participation. Registration for BPS members is complimentary.

If you have any questions, please do not hesitate to contact me.

We look forward to seeing you in London.

Best wishes,

Karen Schlaegel
