INFORMATION ON ABSTRACT ACCEPTANCE – POSTER PRESENTATION

Dear colleague,

On behalf of the Scientific Programme Committee of the **European Conference of Human Genetics 2014**, May 31 – June 3, Milan, Italy, we are pleased to inform you that the abstract en title:

‘Prenatal Diagnosis of Aneuploidy by Cell Free Fetal DNA in Maternal Plasma’
(Control No. 2014-A-2634-ESHG)

has been accepted for **Poster Presentation**.

Please read the following important points carefully:

If you are not able to present your poster, you are requested to contact the organizing office as soon as possible (conference@eshg.org).

As introduced last year, authors who do not notify the organizing office of their cancellation ahead of the meeting and fail to present their poster, will be banned from submitting an abstract at next year’s meeting (ESHG 2015 in Glasgow).

Therefore should you be **unable to attend the meeting**, please indicate whether

- One of the co-authors will present the paper (one person can only present one poster!),
- The poster will not be presented, but the abstract should remain in the electronic publication.
- The abstract should be removed from the abstract book (complete withdrawal)

Your help in saving costs substantially by avoiding empty poster boards is highly appreciated!

The [website](#) gives more details on your presentation format (menu item “Information - Info for Presenters”).

Please note that due to new EACCME regulations, **authors are requested to disclose possible conflicts of interest** on the poster.

Schedule for display, mounting and removal

Posters will be on display from **Saturday, May 31 (8.30 hrs)** to **Monday, June 2 (17.30 hrs)**.

Poster mounting will be possible on: **Saturday, May 31 from 08.30 hrs onwards**

Removal will be possible on: **Monday, June 2 from 13.30 hrs - 17.30 hrs strict! Access after this time is not.**
