Dear Seyed Jamal Hashemi Hezave,

Congratulations! On behalf of the Scientific Programme Committee, we are delighted to inform you that your abstract **A-744-0006-00293** entitled: "**Biocontrol activity of the entomopathogenic fungus *Aspergillus niger* against *Anopheles stephensi*, vector of malaria**" has been accepted at the 9th European Congress on Tropical Medicine and International Health to be held in Basel, Switzerland, 6 – 10 September 2015.

Your abstract was selected out of 1120 submitted abstracts. In order to maintain the high scientific profile of the ECTMIH congress and to remain fair to abstract submitters, all abstracts were anonymously reviewed by 4 independent reviewers.

Please note that this is just a **general notification** that your abstract has been accepted for congress. It has **not been defined yet**, if your abstract is selected for

- Oral presentation
- Speedy poster presentation (oral)
- Poster presentation

The notification regarding the presentation format (oral, speedy poster, poster) will be send you by the **end of June 2015**.

REGISTRATION TO THE CONGRESS AND VISA ISSUES

If you have not already registered for ECTMIH 2015 you are requested to do so online on the congress website. Please note that as a presenter at the ECTMIH you will benefit from early registration fees. Please choose once you enter the system category: **abstract author**

IMPORTANT: if you need a Visa to enter Switzerland please request this while you register. This is available in the registration process.

Only abstracts of participants who have confirmed their participation and paid their fees by **Wednesday, 10 June 2015** will be included in the scientific programme.

HOTEL ACCOMMODATION

We encourage you to book your accommodation promptly, as availability is already limited due to another event taking place in Basel at the same time. In order to book your hotel, please click here.
