

Abstract ID: 16016402

Title: Evaluating the Impact of Ice Collar on the Blood Flow of the Internal and External Carotid Arteries

Date and Time: 11/29/2016 - 3:40 PM - 11/29/2016 - 3:50 PM

Contact: Maryam Mohammadzadeh, MD

Presenter: Maryam Mohammadzadeh, MD

Thank you for your interest in the scientific program for the RSNA 102nd Scientific Assembly and Annual Meeting, November 27 – December 2, 2016, McCormick Place, Chicago, Illinois. The review committees have completed their evaluation of abstracts, and your scientific submission has been accepted. To complete the confirmation process, go to the URL listed below, and follow the system prompts.

Go to the following URL and enter your login information:

<http://abstract.rsna.org>

Once you have logged in:

1. Click on the **Accepted** link for each accepted presentation to acknowledge receipt of this notice. You may also review and print a copy of the official acceptance letter. As the official contact or presenter, you are responsible for printing this letter for colleagues who may request it.

2. To learn the date, time, and location of your presentation, click on the **Submission Details** link at the top right of the acceptance letter (Accepted link).

3. Go to the **Questions** tab (Edit> Questions) to respond to the questions on **Submission of Manuscript** and **Financial Support**, and to review/update responses to earlier questions

4. Go to the **Authors** tab to make any adjustments to the author listing of your abstract. Please note, only the **official contact** has access to make author listing changes.

If you do not know your RSNA username or password, click on the 'forgot password' link located on the RSNA Submission Site and you will be emailed information to reset your password. You will also need your login information when registering for the RSNA Annual Meeting: Please **retain** this email for future reference. All notifications will take place electronically. Please print the appropriate documents from the screens.

Please note this has been sent to the official contact, and when different than the official contact, to the presenter. The presenter has been given access to review the posted acceptance letter and detail screen, and is allowed to update general questions information. **The official contact is the only person authorized to add, delete, or change the order of the co-authors associated with this accepted presentation.**

--

Important Notice: If the abstract listed above is accepted to be presented elsewhere prior to the RSNA Annual Meeting, it is no longer eligible and must be withdrawn unless you have already

received prior approval. Please contact the RSNA Program Services Department (programs@rsna.org) immediately to discuss this matter. The RSNA Policy on Previously Presented or Published Abstracts requires that all scientific abstracts scheduled for presentation at its annual scientific assembly be **original work, not previously presented** at other national or international radiological society meetings.
