## ISEE 2016 Abstract Submission

Dear Mohammad Sadegh Hassanvand:

Congratulations! Your abstract entitled 'Effect of PM10, PM2.5, and PM1 on blood markers in a panel of elderly subjects' has been accepted for presentation at the 28th annual International Society for Environmental Epidemiology conference to be held in Rome, Italy on 1-4 September, 2016. All abstracts were evaluated by at least two reviewers, with 90% reviewed by three reviewers, before reaching a conclusion on the merits of a submission.

The Scientific Program Committee is in the process of selecting which abstracts will be chosen for oral presentations and which will be selected for presentation as posters. You will receive a notification in early June 2016 with your presentation format and date assignment with further instructions on presentation format requirements and timelines. Additional information regarding the program will be posted on the conference website as it becomes available.

Registration for the conference is now available on the conference website, <http://www.isee2016roma.org>.

Before registering for the conference, attendees may join ISEE or renew their ISEE membership online. **If your ISEE membership has expired or expires anytime between now and the end of December**, we encourage you to renew now. ISEE membership includes a one year subscription to the journal 'EPIDEMIOLOGY' and allows you to register for the conference at the reduced member rates.

If neither you nor any co-author will be able to present this paper at the meeting, please contact us immediately as we have space limitation, and withdrawal of a paper now will allow us to accept someone else's work. Please notify us as soon as possible and no later than **June 15**. Please email [jrbpro@xmission.com](mailto:jrbpro@xmission.com) if you will be unable to present.

It is VERY IMPORTANT to proceed with hotel booking as soon as possible. Rome is an important touristic attraction during the summer. In addition, on Sept. 4th there will be an important event in Rome connected with the Jubilee which will likely create a high demand of the hotel rooms. Please visit our web site ([www.isee2016roma.org](http://www.isee2016roma.org)) to find information about accommodation.

For questions regarding VISA application assistance, please check <http://www.isee2016roma.org/visa-requirements/>, and send requests to [ISEE2016@CSEVENTS.IT](mailto:ISEE2016@CSEVENTS.IT).

Thank you for your contribution to the meeting. We look forward to seeing you in Rome this September!

Sincerely,

Francesco Forastiere, Carla Ancona and Paola Michelozzi
