Dear Colleague,

I am pleased to inform you that your abstract "Which patients are the best candidates for the Karydak's Flap?" (reference 0162) has been accepted for poster presentation at ESCP 2015.

You can see the program now at this link: <https://escp.conference-services.net/programme.asp?conferenceID=4591&language=en-uk>

POSTER BOARD DETAILS:

The surface of the board is laminated, and the total area measures 95cm wide and 136cm high. Double-sided tape will be supplied to you when you put up your poster. PLEASE NOTE that you may NOT use your own materials to fix your poster.

REGISTRATION FOR THE CONFERENCE:

Main Authors are eligible for the "early" registration rates until 31 August, however we highly recommend that you register online before the early rate deadline of 12 June. From 13 June you will need a code from us to access the lower rate.

You can benefit from much lower registration rates if you are a member of ESCP. You can join ESCP online at www.escp.eu.com and will then automatically receive a coupon code to access member conference rates on the (separate) conference registration system. Please visit www.escp.eu.com/dublin to register for the meeting.

Accommodation for the conference should also be booked as early as possible. Full details are available on the ESCP website.

Congratulations on behalf of the Programme Committee, we look forward to seeing you in Dublin!

With best wishes,

Nicola Boyle
