Le meilleur moyen d'appuyer la collectivité, c'est d'y participer.

À RBC®, la santé de nos collectivités est une priorité. C'est pourquoi nous soutenons les organismes communautaires, hôpitaux, centres de recherche et associations dont l'action est tournée vers l'avenir. Ensemble, nous façonnons un monde meilleur, où chacun s'épanouit pleinement. Nous sommes fiers d'appuyer le Congrès international sur les soins palliatifs.

Together, we create a stronger community.

And at the heart of every community, you'll find organizations fuelled by committed people who are passionate about building a better future for us all. We're proud to support the International Congress on Palliative Care. Every community has a Someday™ — together we can make it happen.

Réalisons les moments qui comptent pour vous.
Let's make your Someday happen.™

MESSAGE FROM THE CONGRESS CHAIR AND DIRECTOR OF PALLIATIVE CARE MCGILL

MESSAGE DU PRÉSIDENT DU CONGRÈS ET DIRECTEUR DE SOINS PALLIATIFS MCGILL

On behalf of the congress organizers and of McGill University, I wish to welcome you to the 21st International Congress of Palliative Care.

For over 40 years, we have had the privilege of hosting this biennial congress. In 1976, the first International Congress of Palliative Care was organized and attended by several visionaries and pioneers, including Balfour Mount, Dame Cicely Saunders and Elizabeth Kubler-Ross. Since then, our congress has grown in scope and fortitude, and has served as a continuous source of inspiration for those who work in the field of palliative care.

We have so much to learn from each other. Our congress provides a unique opportunity for knowledge transmission in many areas including medicine, psychology, nursing, social work, pharmacy, whole person care, the arts and humanities, volunteerism, and much more. The interdisciplinary focus both challenges and supports us: Why do we do what we do? How can we improve? What are our sources of inspiration?

Take advantage of all the congress has to offer – attend as many workshops as you can, visit the poster displays, introduce yourself, ask questions, explore Montreal; you are among friends. This is the time to expand your reach.

We trust that this congress will provide you with a sense of inspiration and a renewed commitment to your work in palliative care.

Au nom des organisateurs du Congrès et de l'Université McGill, je vous souhaite la bienvenue au 21^e Congrès international sur les soins palliatifs.

Depuis plus de 40 ans, nous avons eu le privilège d'accueillir ce rendez-vous bisannuel. En 1976, une poignée de visionnaires et de pionnières, dont Balfour Mount, Dre (Dame) Cicely Saunders et Elizabeth Kubler-Ross, fondaient le premier «Congrès international sur les soins aux malades en phase terminale». Depuis ses premiers pas, notre Congrès a pris de l'ampleur et gagné en notoriété pour devenir une source continue d'inspiration pour celles et ceux qui œuvrent dans le domaine des soins palliatifs.

Nous avons tellement à apprendre les uns des autres! Notre Congrès nous offre une occasion exceptionnelle d'échanger des connaissances dans de nombreux domaines, notamment la médecine, la psychologie, les soins infirmiers, le travail social, la pharmacie, les soins intégraux de la personne, les arts et les sciences humaines, le bénévolat et plus encore. Stimulante, cette orientation interdisciplinaire est aussi propice à la remise en question : Pourquoi faisons-nous ce que nous faisons? Comment améliorer nos approches? Vers quelles sources d'inspiration nous tourner?

Profitez pleinement de tout ce que cette rencontre peut offrir – participez à autant d'ateliers que possible, visitez la salle de présentation d'affiches, présentez-vous les uns aux autres, posez des questions, découvrez Montréal – vous êtes ici chez vous, entourés d'amis... un lieu idéal pour élargir votre réseau.

Nous sommes persuadés que le Congrès 2016 sera pour vous une source d'inspiration et d'engagement réaffirmé envers votre travail en soins palliatifs.

Continuing Education Credits (CE) *Crédits d'éducation permanente (ÉP)*

● PHYSICIANS:

For this course, we have requested CME study credits from McGill University, Office for Continuing Professional Development (CPD) which **sponsors continuing medical education for physicians**. The Office for CPD McGill University is fully accredited by the Committee on Accreditation of Canadian Medical Education (CACME).

● NURSES:

While this educational activity is not officially endorsed by the Canadian Nurses Association (CNA), nurses may claim it as a continuous learning (CL) activity toward renewal of the CNA certification credential if it is related to their nursing specialty. Pre-authorization from the CNA Certification Program is not required. CME credits are also admissible as Continuing Education (CE) credits by l'Ordre des infirmières et infirmiers du Québec (OIIQ). In both cases, participants are encouraged to retain a confirmation of attendance.

● PHARMACISTS:

The Special Seminar "Pharmacotherapy and Palliative Care" (A02/B02/C02) on Wednesday (p. 23) is a continuing education activity accredited by the Order of Pharmacists of Quebec for 12 continuing education credits for pharmacists who attend the entire session.

● PSYCHOLOGISTS:

The Special Seminar "The Psychology of Palliative Care: New Trends in Bereavement Research and Supportive Practice" (D01/E01) on Thursday (p. 33), is a continuing education activity in psychotherapy recognized by the Order of Psychologists of Québec. OPQ Recognition number: RE01820-16; 6 hours recognized in psychotherapy.

● SOCIAL WORKERS:

The *Ordre des travailleurs sociaux et thérapeutes conjugaux et familiaux du Québec* (the Quebec Order of social workers and marriage and family therapists) recognizes 28 continuing education hours for this activity.

● MÉDECINS :

*Pour ce Congrès, nous avons soumis une demande de crédits au bureau de Développement professionnel continu de l'Université McGill, qui organise la **formation médicale continue des médecins**. Le bureau de DPC de l'Université McGill est agréé par le Comité d'agrément pour l'éducation médicale continue (CAÉMC).*

● PERSONNEL INFIRMIER :

Bien que cette activité de formation ne soit pas officiellement appuyée par l'Association des infirmières et infirmiers du Canada (AIIIC), les infirmières et infirmiers peuvent la compter comme activité d'apprentissage continu (AC) en vue de renouveler leur titre de certification de l'AIIIC si elle se rapporte à leur spécialité infirmière. Aucune préautorisation du Programme de certification de l'AIIIC n'est exigée. Les crédits de FMC sont par ailleurs reconnus comme crédits d'éducation permanente par l'Ordre des infirmières et infirmiers du Québec (OIIQ). Dans les deux cas, les participants sont encouragés de conserver leur attestation de présence.

● PHARMACIENS/IENNES :

Le séminaire spécial « Pharmacothérapie et soins palliatifs » (A02/B02/C02), mercredi (p. 23), est une activité de formation continue accréditée par l'Ordre des pharmaciens du Québec qui accordera 12.00 UFC aux pharmaciens qui auront assisté à l'ensemble du programme.

● PSYCHOLOGUES :

Le séminaire spécial « La psychologie des soins palliatifs : Nouvelles tendances en recherche sur le deuil et en pratique de soutien » (D01/E01) jeudi (p. 33), est une activité de formation continue en psychothérapie reconnue par l'Ordre des psychologues du Québec. No de reconnaissance OPQ : RE01820-16; 6 heures reconnues en psychothérapie.

● TRAVAILLEURS/EUSES SOCIAUX/SOCIALES :

L'Ordre des travailleurs sociaux et thérapeutes conjugaux et familiaux du Québec (OTSTCFQ) reconnaît 28 heures de formation continue (HFC) pour cette activité.

Congress Evaluations

An Overall Congress evaluation form is located in your participant bag.

In addition, daily lecture evaluation forms will be available in the meeting rooms. Please take the time to complete your evaluation forms as it is a requirement of a CE-accredited event. It also helps us to continually improve the event and respond to your suggestions.

Completed forms may be dropped in the special box located in the registration area.

WiFi

We are pleased to offer complementary WiFi access. The password is: “**compassion**”

Coat Check

The Coat Check at the Palais des Congrès, located in Viger Hall (level 2), will be open on Thursday and Friday, October 20-21, and will accept your luggage at a cost of \$5 per item.

Smoking

The Palais des Congrès is a smoke-free convention centre. Smoking is forbidden in all areas of the facility. There are also restrictions on smoking indoors in restaurants, bars and most public buildings.

Lost and Found

Any items found at the Congress should be handed in at the Congress Services Desk, which will be staffed during Congress hours. After Congress hours, you may call the Palais security control centre, at 514-871-3141.

Security

Security staffing at the Congress has been implemented for the safety of participants. In the event of illness or an accident, please alert staff at the Congress Services Desk, who will then report it to the appropriate authority. Should it be necessary to evacuate the building, please use the staircases marked with the word “**SORTIE**”, located at the end of the corridors outside each lecture hall. Under no circumstances should elevators be used in an emergency.

For any emergency within the Palais, call the operator from any house phone by dialing “0”.

Résumés

Les résumés soumis pour les ateliers, les présentations courtes, les projets de recherche et les affiches sont publiés dans le Livre des résumés du Congrès (version en ligne).

NOUVEAU De plus, certains résumés scientifiques ont également été sélectionnés pour publication dans le numéro de décembre 2016 (version électronique) du *Journal of Pain and Symptom Management*, qui sera mis à la disposition des participants du Congrès.

Évaluations

Un formulaire d'évaluation globale du Congrès se trouve dans votre sac du congressiste.

De plus, des formulaires quotidiens d'évaluation des conférences seront disponibles dans les salles de réunion. Veuillez prendre le temps de compléter ces formulaires car c'est un prérequis pour un événement accrédité pour l'ÉMC. De plus, vos réponses nous aident à améliorer l'événement et à répondre à vos attentes.

Veuillez déposer vos formulaires complétés dans la boîte prévue près de l'inscription.

WiFi

Le Congrès a le plaisir de vous offrir le WiFi sans frais. Le mot de passe : « **compassion** »

Vestiaire

Le vestiaire au Palais, situé dans le Foyer Viger au niveau 2, sera ouvert le jeudi et le vendredi, 20-21 octobre; vous pouvez consigner vos bagages au coût de 5 \$ par item.

Usage du tabac

Le Palais des Congrès est un immeuble sans fumée. L'usage du tabac est défendu partout au Palais ainsi que dans tous les lieux publics incluant les restaurants et les bars.

Objets perdus

Tout article trouvé sur place au Congrès devrait être remis sans tarder au comptoir Services au Congrès, où il y aura du personnel pendant les heures du Congrès. En dehors des heures du Congrès, vous pouvez téléphoner au Centre de contrôle de la sécurité du Palais, au 514-871-3141.

Sécurité

Un service de sécurité pendant le Congrès assure le confort des participants. En cas d'accident ou autre urgence médicale, veuillez aviser le personnel au comptoir Services au Congrès, qui sera en mesure de communiquer avec les autorités pertinentes. En cas d'évacuation, utilisez les escaliers situés à l'extrémité des corridors et indiqués par le mot « **SORTIE** ». Vous ne devez en aucune circonstance utiliser les ascenseurs durant une situation d'urgence.

Pour toute situation urgente à l'intérieur du Palais, appelez l'opératrice en composant le 0 à partir d'un téléphone maison.

Music To Move To

At the beginning of the morning and afternoon sessions, as well as at the end of refreshment breaks, this music, heard only in the Exhibit Hall, **will be the signal to make your way** to the room of the next session you are attending. The music you will hear is "**La turlutte du rotoculteur**" written by the traditional Québécois group **De Temps Antan** – a tune that demonstrates the art of the "turlute" (mouth music) and of "podorythmie" (foot-tapping).

From their CD: *Les habits de papier* (L-Abe Let Artists Be, 2010 – www.l-abe.com)

On bouge en musique !

Un petit air (diffusé seulement dans le Hall d'exposition) vous signalera la fin des pauses et le début des séances; dirigez-vous vers la salle de la séance à laquelle vous désirez assister. Il s'agit de « La turlutte du rotoculteur » une pièce composée par le groupe traditionnel québécois De Temps Antan – qui démontre l'art de la turlute et de la podorythmie.

The Reflection Room – Room 523 A

Tuesday: 12:30-17:30, Wednesday & Thursday: 7:30-17:30

We invite you to visit The Reflection Room to pause, reflect and share your experiences with dying and death. Does an experience stand out in your memory? Have you been inspired by others? Have you had experiences with family members or friends? Add your reflection to the Reflection Wall and see the collective story that we all are building.

The Reflection Room is a project led by the research team at Saint Elizabeth, a national health care provider supporting residential hospice, education and research. The Reflection Room leverages the power of shared storytelling and experiential design to engage people in thinking and talking about end of life. We are studying whether reflection and storytelling are positive for people who have experienced a death and whether reading the stories of others helps in thinking about dying and death.

Salle de réflexion – Salle 523 A

Mardi : 12 h 30 - 17 h 30, mercredi et jeudi : 7 h 30 - 17 h 30

Nous vous invitons à profiter de la Salle de réflexion pour faire une pause, penser et faire partager vos expériences sur le mourir et la mort. Vous souvenez-vous d'une expérience en particulier? Certaines personnes vous ont-elles inspiré? Qu'avez-vous vécu avec des parents ou des proches? Venez épingler vos pensées au mur de rubans de réflexions et découvrir le récit collectif qui s'y compose.

La Salle de réflexion est un projet conçu par l'équipe de recherche des Services de santé Sainte-Elizabeth, une agence de prestation de services de soins de santé à domicile ainsi que de personnel infirmier, soutenant la formation et la recherche. La Salle de réflexion tire parti du partage de récits et du design expérientiel pour amener les gens à réfléchir et à parler de la fin de vie. Nous tentons de savoir si la réflexion et le fait de raconter son histoire ont des effets positifs pour les personnes ayant vécu un décès, et si la lecture des histoires d'autrui aide à penser au mourir et à la mort.

L02 DRAMATIC READING / LECTURE THÉÂTRALE (en anglais)

Sophocles' Philoctetes

Room / Salle : 517 CD

Wednesday, October 19 – 12:40 - 13:50

The New York theatrical company *Outside the Wire* presents a reading of the ancient Greek play Sophocles' Philoctetes as a catalyst for town hall discussions about the challenges faced by communities, patients, caregivers, and medical professionals who work in the fields of palliative care, hospice, geriatrics, and nursing. The selected scenes from the play present emotionally charged, ethically complex situations involving suffering patients and conflicted caregivers providing an ancient perspective on contemporary medical issues.

The reading will be followed by a discussion.

Discussants:

Suzanne O'Brien, Hope & Cope,
Jewish General Hospital, Montréal

Balfour Mount, Professor Emeritus in Palliative
Medicine, McGill University, Montréal

**Sponsored by Hope & Cope
and Palliative Care McGill**

Mercredi 19 octobre – 12 h 40 - 13 h 50

La compagnie théâtrale new-yorkaise *Outside the Wire* présente une lecture de *Philoctète*, du dramaturge grec Sophocle, en introduction à une discussion publique ouverte sur les défis auxquels font face les collectivités, les patients, le personnel soignant et les professionnels de la santé qui travaillent dans les domaines des soins palliatifs, de la gériatrie, des établissements d'accueil et des soins infirmiers. Offrant une perspective antique sur des enjeux médicaux contemporains, des scènes tirées de la pièce vont mettre en lumière des situations chargées d'émotions et complexes sur le plan éthique impliquant des patients en souffrance et des prestataires de soins déchirés.

La lecture sera suivie d'une discussion.

DAVID BOURKE MEMORIAL LECTURE

Little Stars: Accomplishing the Extraordinary in the Face of Serious Illness

Little Stars tells the surprisingly life-affirming stories of young people living with life-limiting illnesses. Against the odds these youngsters are making the most of every moment thanks to the support of their loved ones, working in harmony with passionate "palliative care" teams. *Little Stars* is a film you will never forget. Narrated by acclaimed British actor **David Suchet**, CBE, the raw power, insight and emotional honesty of this definitive human interest documentary will leave a lasting impression. The projection of the film will be followed by a period of discussion led by **Dr. Hal Siden**, Clinical Professor in the Department of Pediatrics of the University of British Columbia, and Medical Director of Canuck Place Children's Hospice.

CONFÉRENCE ANNUELLE À LA MÉMOIRE DE DAVID BOURKE

Little Stars: Accomplishing the Extraordinary in the Face of Serious Illness

Little Stars présente les surprenants récits de vie de jeunes gens atteints de maladies très graves. Contre toute attente, ces jeunes profitent au maximum de chaque instant qui leur est donné grâce à l'appui de leurs proches, en harmonie avec des équipes de soins palliatifs passionnées. Raconté par le grand acteur britannique **David Suchet** (CBE), *Little Stars* est un film que vous n'oublierez jamais! L'énergie naturelle, la lucidité et la franchise des sentiments de ce documentaire profondément humain marquent irrémédiablement les spectateurs.

La projection du film sera suivie d'une période de discussion animée par **Dr Hal Siden**, professeur clinicien au Département de pédiatrie de l'Université de Colombie-Britannique, et directeur médical du Canuck Place Children's Hospice.

*Film en anglais et quelques autres langues avec sous-titres en anglais. Une discussion bilingue suivra.

Arrivez 30 minutes avant chaque plénière pour vous ressourcer à ces prestations musicales :

Montreal-based guitarist Antoine Dufour deftly combines jaw-dropping guitar playing skills and an artistic soul in crafting instrumental compositions that transcend global cultures and languages. That he does this in an incredibly visual and entertaining style has endeared him to a broad spectrum of fans of popular music.

(Opening Plenary and Plenary 2*)

*Plenary 2: the music will follow the Research Forum, i.e., from 8:45 to 9:00. / *2^e Plénière : la prestation musicale suivra le Forum de recherche, de 8 h 45 à 9 h

Le guitariste montréalais Antoine Dufour combine adroitement un remarquable jeu de guitare et un fascinant souffle artistique afin de tisser des compositions instrumentales qui transcendent les cultures et les langues. Il le fait dans un style des plus divertissants qui a séduit un large éventail d'amateurs de musique populaire.

(Plénière d'ouverture et 2^e Plénière*)

Jeff Johnston has been active as a pianist for over twenty five years and is considered "clearly in Canada's top ranks" (Toronto Star). He has performed extensively throughout North America and Europe and is the recipient of numerous awards including the prestigious R. Murray Shafer award for composition. Johnston is on faculty at McGill University's Schulich School of Music.

(Plenary 3 and the Closing Plenary)

Jeff Johnston se produit comme pianiste depuis plus de vingt-cinq ans, et on le considère comme « faisant clairement partie des meilleurs au Canada » (Toronto Star). Il a donné une foule de concerts dans toute l'Amérique du Nord et en Europe, et a reçu de nombreuses récompenses dont le prestigieux Prix R. Murray Shafer en composition. J. Johnston est professeur à l'École de musique Schulich de l'Université McGill.

Performers: Orchestre Symphonique de Montréal,
conducted by Kent Nagano; with Diana Damrau and
Choeur des enfants de Montréal
Composed by: Jean-Pascal Beintus
Album: Shoka – Japanese Children Songs
Analekta
Recorded on September 16, 2014
ASIN: AN 2 9130

It is written (said) that this song is evocative of a chapter of Japanese history, of "emotion, tenderness, love and bitterness." Performed as it is by a children's choir, we see it as a perfect vehicle to illustrate the emotional trajectory of life, from the innocence of birth to the inevitability of death and all of the complexities we encounter along the journey. This montage has been made to reflect the above sentiments, the landscapes of our lives and the lyrics while maintaining the essence of the song's origins.

*Beyond the rushing sea, the island of Sado
Tree sparrows are chirping, the sun has set
Call, call everyone, the stars are out
After dark, dunes and roaring sea dominate
Sparrows are blown away, stormy winds battle
Everyone is scattered, no one is in sight
Go home, go home, through mulberry fields
So long, sparrows, so long until tomorrow
So long ocean, so long until tomorrow*

Suna yama (Dunes)

Interprètes : Orchestre Symphonique de Montréal,

Compositeur : Jean-Pascal Beintus
Album : Shoka – Chants japonais pour enfants
Analekta
Enregistré le 16 septembre 2014
ASIN : AN 2 9130

On dit de cette chanson qu'elle évoque un chapitre de l'histoire du Japon, et aussi « l'émotion, la tendresse, l'amour et l'amertume ». Interprétée ainsi par une chorale d'enfants, elle nous semble illustrer parfaitement la trajectoire émotionnelle de l'existence – de l'innocence de la naissance à l'inéluctabilité de la mort, et à tous les aléas rencontrés le long du voyage. Ce montage aspire à refléter les sentiments mentionnés précédemment, les paysages de nos vies, et les paroles, tout en conservant l'essence des origines de la chanson.

*Au-delà de la mer turbulente, l'île de Sado
Pépiez, pépiez moineaux, le soleil est déjà couché
Appelez, appelez-les tous, les étoiles sont là
Tombée la nuit, dunes et chant de mer dominant
Moineaux dispersés, le vent troublant se bat
Tout le monde est éparpillé, on ne voit plus personne
Rentrons, rentrons par la mûraie
Au revoir les moineaux, au revoir, à demain
Au revoir la mer, au revoir, à demain.*

Performers: Gabrielle Marion-Rivard and Yann Perreau
 with La chorale des Impatients
 Songwriters: Michel Fugain, Pierre Delanoë
 Album: Les duos improbables 2
 Lyrics © Universal Music Publishing Group, 2008

Bravo, Mr. World
Hats off, Mr. World
Even though some folks will say
You don't always turn in perfect circles

Bravo for your tall mountains
Their great and awesome beauty.
Compliments for your seasons
Inspiration for all of our songs

Bravo for the sea
There never was a bluer green
Or greener blue
There never was a symphony
Of such rich harmony
As the rumbling thunder dancing with the rain

Bravo, for the wind
Rippling through the grain
Making oceans tremble
Bravo, for the sun
And the volcano's wrath
Bravo for the rainbow
That brings such joy to a child's heart

Bravo, Mr. World
Hats off, Mr. World
We hope you can forgive
All of those who would destroy you

Bravo, Mr. World
Bravo, for the sweet dove
If you can let her live
You will very simply have our thanks

Bravo Monsieur le monde

 Lyrics © Universal Music Publishing Group, 2008

Bravo, Monsieur le monde
Chapeau, Monsieur le monde
Même quand les gens diront
Que vous ne tournez pas toujours très rond

Bravo, pour vos montagnes
C'est beau, c'est formidable
Compliment pour vos saisons
Qui nous donnent des idées de chansons

Bravo, la mer
On n'a jamais trouvé un vert plus bleu
Un bleu plus vert
Aucune symphonie
N'est riche d'autant d'harmonie
Qu'un merveilleux tonnerre
Qui fait l'amour avec la pluie

Bravo, le vent
Qui fait ramper les blés
Qui fait trembler les océans
Bravo pour le soleil
Et la colère du volcan
Bravo pour l'arc-en-ciel
Qui met de la joie dans le cœur d'un enfant

Bravo, Monsieur le monde
Chapeau, Monsieur le monde
Nous vous demandons pardon
Pour tous ceux qui vous abîmerons

Bravo, Monsieur le monde
Bravo, pour la colombe
Si vous lui laissez la vie
Nous vous dirons simplement merci

Rembihnútur (Tight Knot)

Music, Lyrics and Performers:
Iceland's Sigur Rós
Album: Valtari, released 23 May 2012
by Parlophone

Storms of life can bring us down, but in time, we find the strength to rise again, we rebuild. How? Sigur Rós says the ability lives inside us, perhaps hidden, until we need it most... it is called resilience.

*I wiped off my eyes
Then started over again
Covered with clothes
I tie a tight knot
Hair cut down
The survival of this
I'll rebuild after
It still lives in there
We always start over again*

*It still lives in there
We always start over again*

*It still lives in there
We always start over again*

*It still lives in there
We always start over again*

*It still lives in there
We always start over again*

Rembihnútur (Un nœud bien serré)

Musique, paroles et interprètes :
Sigur Rós (Islande)
Album Valtari paru le 23 mai 2012
sur étiquette Parlophone

Les tourbillons de la vie peuvent nous jeter à terre, mais avec le temps, nous trouvons la force de nous relever, de nous reconstruire. Comment? Dans sa chanson, Sigur Rós dit que cette capacité réside en nous, cachée parfois jusqu'à ce que nous en ayons le plus besoin... elle s'appelle la résilience.

*J'ai essuyé mes larmes séché mes yeux
Avant de tout recommencer à neuf
Couvert de vêtements
Je fais un nœud bien serré
Cheveux coupés de frais
La survie de tout ça
Je m'en occuperai plus tard
Ça vit toujours à l'intérieur
On recommence toujours à neuf*

*Ça vit encore à l'intérieur
On recommence toujours à neuf*

*Ça vit encore à l'intérieur
On recommence toujours à neuf*

*Ça vit encore à l'intérieur
On recommence toujours à neuf*

*Ça vit toujours à l'intérieur
On recommence toujours à neuf*

All Is Full of Love

Music, Lyrics and Performer: Björk
 Album: Homogenic, 1997

You'll be given love
You'll be taken care of
You'll be given love
You have to trust it
Maybe not from the sources
You have poured yours
Maybe not from the directions
You are staring at
Twist your head around
It's all around you
All is full of love
All around you
All is full of love
You just ain't receiving
All is full of love
Your phone is off the hook
All is full of love
Your doors are all shut
All is full of love!
All is full of love
All is full of love
All is full of love
All is full of love
All is full of love

All Is Full of Love
(*Tout est plein d'amour*)

Musique, paroles, interprétation: Björk
 Album: Homogenic, 1997

T'en recevras de l'amour
On prendra soin de toi
On t'en donnera d'l'amour
Il faut avoir la foi
Il ne viendra peut-être pas des sources
Où tu as versé le tien
Peut-être pas des directions
Où ton regard se perd
Tourne un peu la tête
Il y en a tout autour de toi
Tout est plein d'amour
Tout autour de toi
Tout est plein d'amour
Mais tu ne le reçois pas
Tout est plein d'amour
Mais t'as décroché
le téléphone
Tout est plein d'amour
Mais t'as fermé toutes
les issues
Tout est plein d'amour!
Tout est plein d'amour
Tout est plein, plein d'amour
Plein d'amour

Higher Than the Sun

Interpreted by: Keane
Songwriters: Jesse Quin, Richard David Hughes,
Timothy James Rice-Oxley, Tom Chaplin
Lyrics © Universal Music Publishing Group

*Turn, turn up the song
Takes me higher than the sun
Sing, sing from your gut
Sing until we become one*

*Hold, hold on to me
Stay with me until it's time
'Cause for tonight
Feels like everything could turn out fine*

*We're higher than the sun
And nothing's gonna change the way I'm feeling now
May you go on and on
It's never gonna fade the way I'm feeling*

*Sounds, sounds like a storm
Rages in the shaken air
Oh, whispers low
Like a friend you never knew was there*

*We're higher than the sun
And nothing's gonna change the way I'm feeling now
May you go on and on
It's never gonna fade the way I'm feeling now*

*There's a song to ease your fear
A song to take you far from here
One for joy, one for desire, one for despair
Yeah*

*We're higher than the sun
And nothing's gonna change the way I'm feeling now
May you go on and on
It's never gonna fade the way I'm feeling*

Oh oh oh oh oh [x8]

Higher Than the Sun (Bien plus haut que le soleil)

Interprète : Keane
Auteurs-compositeurs : Jesse Quin, Richard David Hughes,
Timothy James Rice-Oxley, Tom Chaplin
Paroles © Universal Music Publishing Group

*Monte, monte le son de cette chanson
Qui me conduit plus haut que le soleil
Chante, chante du fond de tes tripes
Chante pour que nous ne soyons plus qu'un*

*Tiens-toi, accroche-toi à moi
Reste avec moi jusqu'à ce qu'il soit temps
Parce que, pour ce soir,
On dirait que tout va bien aller*

*On est bien plus haut que le soleil
Et rien ne pourra changer ce que je ressens à l'instant
Continue, toi, encore et encore
Ça ne pourra jamais effacer ce que je ressens*

*Ça tonne, ça gronde comme une tempête
L'orage qui fait trembler les airs
Des murmures, des chuchotements
Comme un ami dont tu n'as jamais soupçonné la présence*

*On est plus haut que le soleil
Et rien ne pourra changer ce que je ressens à cet instant
Puisses-tu poursuivre et continuer
Ça ne pourra jamais effacer ce que je ressens*

*Voilà une chanson pour soulager ta peur
Une chanson pour t'emporter loin d'ici
Une pour la joie, une pour le désir, une autre pour le désespoir
Yeah*

*On est bien plus haut que le soleil
Et rien ne pourra changer ce que je ressens à cet instant
Je te souhaite de continuer encore et encore
Ça ne pourra jamais effacer ce que je ressens*

Oh oh oh oh oh [x 8]

Integrating Palliative Care in a NYC Emergency Department: A New Approach

CHRISTINE WILKINS, New York University Langone Medical Center, New York, NY, United States

Since 1980, the Cole Foundation has supported research and patient care in the fields of pediatric and young adult leukemia and lymphoma in Montreal. We support this congress because there is much more to be accomplished.

Depuis 1980, la Fondation Cole soutient à Montréal la recherche et les soins aux patients dans les domaines de la leucémie et des lymphomes chez l'enfant et le jeune adulte. Nous donnons notre appui au Congrès, car il reste encore beaucoup à accomplir.

Treating chronic pain, our shared responsibility.

As one of the leading pharmaceutical companies in Canada, Purdue Pharma is dedicated to ongoing research and development in the field of drug delivery and the use of pain medications. However, we also recognize that prescription drug abuse is a public health issue. A recent survey conducted by CAMH showed that 81% of students who use medicines non-medically obtain them from family or friends.¹ Purdue Pharma, together with health authorities and the medical community, is actively working to reverse this trend so that the right medications get to the right patients.

Through our educational programs and strong community partnerships, we are confident that we can continue to make great strides in addressing the use, abuse and diversion of pain medications.

For more information on our role within the community, please contact corporate.affairs-canada@purdue.ca.

Improving palliative and end-of-life care in Canada

The Partnership funds the following multi-jurisdictional projects:

The INTEGRATE Project uses tools, education and integrated care to introduce palliative care earlier in a patient's journey.

Integrating Emergency Health Services and Palliative and End-Of-Life Care trains paramedics to treat patients in the home to minimize emergency room visits.

Knowledge Tools: Addressing National Gaps uses online tools to support people living with advanced illness, their families and health-care providers.

Enhancing the Quality of Palliative and End-Of-Life Care for Children with Cancer provides comprehensive education about evidence-based palliative care to health-care professionals across the country.

Provincial Advance Care Planning/Goals of Care Initiatives raises awareness about Advance Care Planning and Goals of Care, providing tools to help health-care providers facilitate discussions and support patients and families as they make important decisions.

Visit the Partnership's booth for detailed descriptions of these projects.

Améliorer les soins palliatifs et de fin de vie au Canada

Le Partenariat finance les projets interprovinciaux suivants :

Le projet **INTEGRATE** utilise des outils, l'éducation et un modèle de soins intégrés afin d'introduire les soins palliatifs à un stade plus précoce de l'expérience du cancer d'un patient.

Le projet **Intégrer les services de santé d'urgence et les soins palliatifs et de fin de vie** forme les ambulanciers paramédicaux au traitement à domicile des patients afin de réduire au minimum le nombre de visites à la salle d'urgence.

Le projet **Outils de connaissance : combler les lacunes à l'échelle nationale** utilise des outils Web pour soutenir les personnes atteintes d'une maladie à un stade avancé, ainsi que leurs familles et leurs fournisseurs de soins de santé.

Le projet **Améliorer la qualité des soins palliatifs et de fin de vie pour les enfants atteints de cancer** offre une formation complète sur les soins palliatifs fondés sur des données probantes aux professionnels de la santé de tout le pays.

Les **initiatives provinciales sur la planification préalable des soins et les objectifs en matière de soins** sensibilisent la population à la planification préalable des soins et aux objectifs en matière de soins, et offrent aux fournisseurs de soins de santé des outils conçus pour les aider à animer des discussions et à soutenir les patients et leurs familles lorsqu'ils prennent des décisions importantes.

Rendez-vous au kiosque du Partenariat pour obtenir une description détaillée de ces projets.
