Dear Javad Adl,

We appreciate your interest in the **8th International Occupational Health and Safety Conference** that will be held between 8 – 11 May.

The abstract titled “**Promotion of maintenance and reliability of main feed pump in the ISOMAX unit of oil refinery**” you have sent, has been evaluated online by the Scientific Committee and accepted as **Oral Presentation**.

You may follow the program in our regularly updated **web site**.

Total duration of presentation and discussion can definitely not be more than 10 minutes.

Only the author of the abstract who is going to make oral presentation will be free of registration fee, but the other authors who will not make speeches will need to pay for the registration.

Participants who will make presentations needs to finish their conference registrations and send their final presentation as Power Point file through the abstract system until 20 April 2016.

Presentations needs to be prepared briefly and with a simple language; in contextually abstract quality; and needs to include purpose of the research, problem, method, scientific data and general results.

Our Conference will be strengthened and reach its scientific goal with your contributions.

We hope permanency of your success.

8th International Occupational Health and Security Conference
Regulation Committee

NOTE: You may proceed for the registration of Educational Courses and Technical Tours through our web site registration system.
