

EV0095

Molecular analysis of human bocavirus in children with gastroenteritis and respiratory tract infection
K. Hansung* [Seoul, South Korea], E. Lee, J. Kim, H. Kim, W. Song

EV0096

Molecular epidemiology of BK polyoma virus in the east of England
K. Ranellou* [Cambridge, United Kingdom], N. Verlander, C. Crump, D. Wooldridge, S. Gharbia, H. Jalal

EV0097

Incidence, prevalence, and genotypic characterization of human parvovirus B19 and human herpesvirus 6/7 in children with measles- and rubella-like illness in Iran
F. Rezaei* [Tehran, Iran], H. Namdari

EV0098

Prevalence and genetic distribution of human papilloma virus in women with cervical intraepithelial neoplasia
I. Hadji Petrusheva Meloska* [Skopje, Macedonia], A. Hadji-Petrusheva Jankijevikj, K. Icev

EV0099

Viruses detected in sporadic cases of parotitis
M. Álvarez-Argüelles, C. Sabater, A. Palacio, M. Sanchez, A. Barredo, M. Rodriguez, S. Melón, M. de Oña* [Oviedo, Spain]

EV0100

Occult hepatitis B: epidemiological and molecular characterization in anti-HBc isolated individuals in Brazil
A. Santos* [Porto Velho, Brazil], J. Villalobos Salcedo, D. Souza Vieira
