

Basel, Switzerland  
May 11–13, 2016  
Human factors  
underpinning patient safety

Saturday, 06 February 2016

**Abstract No.: 110**

Dear Associate Professor Najafi,

On behalf of the Scientific Committee of the Annual Congress of the European Association of Cardiothoracic Anaesthesiologists (EACTA 2016), I am pleased to inform you that your abstract entitled:

***“Outcomes and long-term survival of patients undergoing coronary artery bypass graft surgery; the controversial role of opium as a risk marker”***

**is accepted for Oral Presentation at the Congress.**

Details of your session will be forwarded to you as soon as we have finalised the programme.

If I can be of further assistance, please do not hesitate to contact me.

Yours sincerely,  
Rebecca Grove-Stephensen

**Abstract No.: 109**

Dear Associate Professor Najafi,

On behalf of the Scientific Committee of the Annual Congress of the European Association of Cardiothoracic Anaesthesiologists (EACTA 2016), I am pleased to inform you that your abstract entitled:

*“Is type D personality as important as classic risk factor for coronary artery disease?”*

**is accepted for Oral Presentation at the Congress.**

Details of your session will be forwarded to you as soon as we have finalised the programme.

If I can be of further assistance, please do not hesitate to contact me.

Yours sincerely,  
Rebecca Grove-Stephensen
