Pardubice, 23<sup>rd</sup> July, 2019

### Acceptance Letter

**Dear Seyed-Abolghassem Jazayeri:**

On behalf of the Scientific Committee, I am pleased to announce that, based on the submitted abstract entitled: **“THE EFFECTS OF HYDRO-ALCOHOLIC EXTRACT OF SAFFRON STIGMA (CROCUS SATIVUS L.) ON BLOOD GLUCOSE, BLOOD UREA NITROGEN AND LIPID PROFILE IN TYPE-2 DIABETES PATIENTS”** has been accepted for oral presentation at INDC 2019. Your abstracts will be published in the Conference Book of Proceedings subject to review of the final paper.

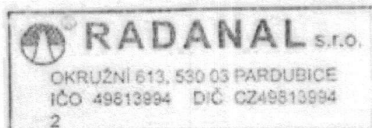

The conference will be held at Hotel DAP, **Vítězné nám.684/4**, 160 00 Prague 6, Czech Republic, October 15 – 18, 2019. The INDC 2019 continues the series of the former very successful VITAMINS, NUTRITION AND DIAGNOSTICS Conferences. The conference series aims at bridging the gaps between nutrition and clinical diagnostics, fundamental science and industry, analytical chemistry and medicine.

The scientific programme of INDC 2019 will focus on nutrition in regard to both health benefits as well as risks associated with chemical compounds in the food. The INDC will be held for the benefit of the scientific communities in those areas and all people interested in the instrumentation developments in analytical chemistry and applications in nutrition, food science, laboratory medicine, metabolism and toxicity studies.

The organizers are confident that the conference INDC will be again an important event in the development of research beneficial to human health.

We look forward to meeting you in Prague!

Yours Sincerely,

Assoc. Prof. Aleš Horna, Ph.D.  
Conference Chairman
