Date: Wednesday, June 6, 2018 02:49:13 PM BST

Dear Dr. Mohammad Reza Keramati,

I am pleased to inform you that your abstract "Comparison of potential predictors of recurrence in local versus distant recurrent rectal cancers" (reference 144) has been accepted for poster presentation at ESCP 2018.

To see the papers selected for this session please use this link to the conference programme:
<https://app.oxfordabstracts.com/events/472/programme-builder/view>

POSTER BOARD DETAILS:

The surface of the board is laminated, and the total useable area measures 0.75m wide and 2.3m high. Double-sided tape will be supplied to you when you put up your poster. PLEASE NOTE that you may NOT use your own materials to fix your poster. PLEASE do not bring posters which have been printed on fabric, as we cannot supply suitable materials to fix them to the poster board.

REGISTRATION FOR THE CONFERENCE:

Main Authors are eligible for the "early" registration rates until 31 August, however we highly recommend that you register online before the early rate deadline of 23 June. From 24 June you will need a code from us to access the lower rate.

You can benefit from much lower registration rates if you are a member of ESCP. You can join ESCP online at www.escp.eu.com and will then automatically receive a coupon code to access member conference rates on the (separate) conference registration system. Please visit www.escp.eu.com/escp-2018 to register for the meeting.

Accommodation for the conference should also be booked as early as possible. Full details are available on the ESCP website.

Congratulations on behalf of the Programme Committee, we look forward to seeing you in Nice!

with kind regards

ESCP Secretariat
