Subject: ESCP Vienna: acceptance for poster presentation

Dear Dr. Mohammad Reza Keramati,

I am pleased to inform you that your abstract "Impact of age on clinical and paraclinical presenting features of patients with colorectal cancer" (reference 196) has been accepted for poster presentation at ESCP 2019.

To see the papers selected for this session please use this link to the conference programme:

<https://app.oxfordabstracts.com/events/836/programme-builder/view>

POSTER DETAILS:

The surface of the board is laminated, and the total useable area measures 950mm wide and 2380mm high. Please ensure your poster is portrait orientation. Double-sided tape will be supplied to you from either of the poster help desks, situated on level 0 and level 1 of the Austria Center. PLEASE NOTE that you may NOT use your own materials to fix your poster. PLEASE do not bring posters which have been printed on fabric, as we cannot supply suitable materials to fix them to the poster board.

POSTER CHECK-IN:

This year to avoid queues onsite, you will be sent a poster check-in card in advance on the conference via email. Please ensure you bring this card with you to gain access to the poster area.

REGISTRATION FOR THE CONFERENCE:

Main Authors are eligible for the "early" registration rates until 30 August, however we highly recommend that you register online before the early rate deadline of 21 June. From 22 June you will need a code from us to access the lower rate.

You can benefit from much lower registration rates if you are a member of ESCP. You can join ESCP online at www.escp.eu.com and will then automatically receive a coupon code to access member conference rates on the (separate) conference registration system. Please visit www.escp.eu.com/escp-2019 to register for the meeting.

Accommodation for the conference should also be booked as early as possible. Full details are available on the ESCP website.

Congratulations on behalf of the Programme Committee, we look forward to seeing you in Vienna!
with kind regards
