Dear abstract submitter,

We are pleased to inform you that your abstract "Urinary Schistosomiasis in Iran: has elimination been achieved?", reference 0407 has been accepted as an oral presentation at EMOP 2016.

The list of abstracts accepted to each symposium can be found on the congress website at <http://congress.utu.fi/emop2016/abstracts.php>
Please note that some abstracts have been moved from the originally suggested symposium to another symposium.

Guidelines for presentations will be posted on the congress website.

Please note that the author, marked in the submission system as the presenting author, must register as a participant through the congress website and pay the participation fee by 20 May 2016, otherwise the abstract will be automatically removed from the programme. When you register, please write down your abstract submission reference number/s on the congress registration form.

To take advantage of the lower registration fees, please note that the early-bird registration deadline is already 30 April 2016.

We look forward to seeing you in Turku in July.

With best wishes,

On behalf of the EMOP organizing committee

Congress Office/EMOP 2016
