HEC 2016 - Scientific Program Committee Decision, Id: 711

HEC2016 <hec2016@online-registry.net> 04/19/16 at 4:33 PM  
To parisa\_esl@yahoo.com

## HEC 2016

Dear Parisa Eslami,  
Thank you for submitting to HEC 2016 in Munich August 2016. You are receiving this message if you have submitted a contribution to the EFMI track and/or submitted a full paper.  
This mail refers to your: Poster presentation  
Web-based Bone Age Determination Using Tanner Whitehouse Method (Id=711)  
Congratulations: Your submission was accepted as Poster presentation.  
Below you will find the reviewers' comments to the authors and a response from the scientific programme committee.

**Just to authors of 5-page papers:**  
Please revise your contribution following the reviewers' comments.  
It is really important that all submissions of five-page papers are strictly in the format requested (see again the submission template for details) as this will be evaluated by a software. So we ask all authors to recheck their submissions for the correct formatting and length and to resubmit them to the system. Please make sure that all contributions are submitted as Microsoft Word files. For 5-page paper submissions we cannot accept Adobe Acrobat .pdf files. We will have to reject submissions that don't strictly follow this guidance. Please log into your account and upload a revised version of your manuscript or abstract by **Monday, May 2.** to [www.hec2016.online-registry.net](http://www.hec2016.online-registry.net) taking into account all comments made by the committee in particular and reviewers where indicated.  
Please note that we will unsubmit your contribution if we do not get the revised version by that date.

It is also important that you are registered at the conference by **Sunday, May 22.**  
Please register for the conference at: <https://interplan.eventsair.com/hec-2016/registration/Site/Register>  
Please note that we have to reject your paper if submitter and/or presenter are not registered by that date.

If there are any questions left, please contact [hec2016-loc@online-registry.net](mailto:hec2016-loc@online-registry.net).

Yours sincerely  
Simon de Lusignan  
Ulrich Mansmann  
Eva Grill  
on behalf of the scientific programme committee at HEC 2016

---

Comments from the reviewers and the programme committee:  
Comments to authors:  
SPC Decision to accept as a poster - your abstract will be included in the local proceedings.  
- please make sure you are registered for the conference.
