Subject: Your Poster at Advances in Prenatal Molecular Diagnostics in Lisbon

Dear Dr. Keramatipour,

I hope you're doing well and looking forward to the Advances in Prenatal Molecular Diagnostics conference taking place next month in Lisbon. On behalf of Phillips Kuhl, I'd like to feature your poster on the main program. Would you be interested in giving a 15-minute presentation on your poster? Please let me know by tomorrow.

Best,

Kaitlin
