## • Course List:

Tables 1 and 2 present the course list based on classification and semester.

	Compulso	rycourses		
nber Course title	units	hour		PrerequisiteCourses
		Theoretical	Practical	
Advanced statistics in speech and language research	2	34	-	-
Researchmethods in speech and language pathology	2	17	34	Advanced statistics 
Principles of developing test for diagnosis and assessment of speech and language disorders	2	34	-	Researchmethods
(Clinical and research)seminars in speech and language disorders	2	-	68	Researchmethods
Speech and language laboratory	3	-	-	-
Characteristics of normal speech and language developments	2	34	-	-
Clinical practicum	3	-	153	-
Total	16	119	357	-
	Optiona	lcourses		
Evaluation and treatment of voice disorders	2	17	34	Speech and language lab
Theoretical issues in fluency disorders	2	34	-	-
Pathology and treatment of articulation disorders	2	34	-	-
Advanced neurophysiology of auditory system	2	34	-	_
Rehabilitation Of Speech and Language Disorders In Hearing Impairment	2	34	-	Advanced neurophysiology of auditory system
Advanced neurophysiology	2	34
