ECI 2018 - INFORMATION ON ABSTRACT ACCEPTANCE – POSTER PRESENTATION

Dear colleague,

On behalf of the Scientific Program Committee of the 5th European Congress of Immunology, September 2 – 5, 2018 in Amsterdam, the Netherlands we are very pleased to inform you that the abstract entitled

“Clinical and Immunologic Data in Two Groups of Familial and Sporadic Patients with Common Variable Immunodeficiency”
(Control No. 2018-A-122-ECI)

has been **ACCEPTED** for Poster Presentation .

We strongly consider the Poster Sessions to be one of our main cores to make the meeting a success. In line with this, **guided poster walks** will be arranged and poster prizes have been made available. During the guided poster walks, we will ask all presenting authors to be present at their poster board and be prepared to give a pitch of maximally 3 minutes about the core findings of their research and implications for the field.
