

ICMART-iSAMS 2018

ICMART XXXIII. WORLD CONGRESS ON MEDICAL ACUPUNCTURE
INTERNATIONAL SCIENTIFIC ACUPUNCTURE AND MERIDIAN SYMPOSIUM

ICMART-iSAMS 2018 · c/o DÄGfA · Würmtalstraße 54 · 81375 Munich · Germany

To the Session Chairs
at ICMART-iSAMS 2018 in Munich

Munich, 02.09.2018

Dear Prof. Ayati,

Please let us express our particular gratitude for your readiness to support the ICMART-iSAMS congress with your expertise and to serve as a session chair.

The congress is approaching and we would like to provide you with the some detailed information in order to ensure a smooth running of your sessions.

As you are experienced, you are aware that the most challenging part of chairing beside being well prepared is the time management.

This congress is characterized by a high number of sessions and events in close sequence which means that a strict adherence to time schedule is crucial for speakers and also for the following events.

Therefore we kindly ask you to be on site at least 15 minutes before the session starts. This will assure enough time to go through the schedule with your co-chair and to welcome speakers. The schedule does not include time for discussion in most of the session. However discussions and questions are welcome and important. We have informed all speakers that their attributed time includes discussion. Please be aware that there will be no electronic time count on site.

This world congress unifies speakers from 36 nations. So it would be desirable that every speaker will be introduced shortly by one chair. In this way the audience gets an idea of the speakers' background and you will create a pleasant atmosphere.

For this purpose we have attached the bio notes and the abstracts which have been provide by the speakers at submission.

On the following page you are also provided with an overview of your chair assignment as well as your lectures and panel discussions.

Please note that in case that you are a member of the poster committee you already have been informed about poster sessions before.

In case of further questions please do not hesitate to contact us.

Thank you again for joining ICMART-iSAMS 2018 and for your contribution to make of this congress an exciting, fruitful and pleasant event.

Sincerely yours

Co-chairs, the Scientific Committee and the Organization Committee of
ICMART-iSAMS 2018
