Dear Ayat

We are very pleased to inform you that your submission for a short oral presentation at the WWGS entitled “Systematic review of methods of reducing risk of bias in the evaluation of knowledge translation strategies for evidence-informed health policy making” has been accepted and that we are giving you a bursary that will support your travel, your accommodation and the registration fee for the conference (visa and on site expenses are not covered).

We will need you to go on our registration website <https://wwgs2019.org/register-now/> and create your profile until the payment step, then save your profile only and email me again letting me know when this is done. You will need to complete these steps before 26 May.

Once you have followed these steps, we will be able to send you the confirmation for a bursary registration to the conference and we will put you in contact with the person that will help you book your flight tickets. Please make sure you have your passport scan ready to send to us.

In case you are no longer able to come to Mexico, we would like you to let us know as soon as possible so we can give your bursary to another applicant on our waiting list.

We are looking forward to hearing from you.

Best regards,

What Works Global Summit Secretariat
