Mr. Ayat Ahmadsaraeilani:

If you have a valid and multiple-entry visa for the US, Canada, **UK**, Japan or any Schengen country, or you are a permanent resident in any of these countries, **you can travel to Mexico without a Mexican visa.**

HOWEVER, IT IS RECOMMENDABLE YOU APPLY ALSO FOR MEXICAN VISA

Please remember that a visa does not guarantee the entry into a country.

Best Regards

Dear Sir/Mam

I am going to be in Mexico 14-19 October 2019 to visit and participate in a conference in Mexico city. (**What Works Global Summit (WWGS) 2019: <https://wwgs2019.org/>**)

I am from Iran and I have the United Kingdom multiple visa that is valid up to 02.04.2020

I am writing to ask you gently whether I need Mexican visa for this trip?

I will be appreciate it if you could let me know about this issue.

Kind regards
