

MEMORANDUM OF UNDERSTANDING

Memorandum of understanding between the Institute of Neuroanatomy at the RWTH Aachen University and the Anatomical Science Department at Tehran University of Medical Sciences

In acknowledgement of the academic and scientific benefits, the above mentioned institutes and departments of the respective universities have agreed to this memorandum of understanding to collaborate:

1. Within fields that are mutually acceptable, the following general forms of co-operation will be explored:
 - Joint research initiatives
 - Holding joint degree programs
 - Visits by and interchange of staff for research, teaching and discussions
 - Visits by graduate students, where appropriate, for the purpose of research
 - Exchange of scientific, educational and scholarly materials
 - Organization of joint workshops in fields of mutual interest
 - Visiting professorship program undertaking innovative researches in the discipline of Anatomical Science
2. All programs of action will be agreed in advance and will depend on the availability of funds
3. Details for the implementation of these activities will be mutually developed for specific projects.
4. The program of co-operation outlined will be undertaken at Tehran University of Medical Sciences and Institute of Neuroanatomy at the RWTH University.
