Title	Department	Publication Date	Publication Number
Complementary feeding system for computer images	School of Medicine	April 10, 2010	64330
Production nanoparticles tin oxide at temperature under 70 °C	School of Pharmacy	August 13, 2011	71064
Generating a muscle cell line (C2C12) with reduced expression of protein tyrosine phosphatase-1B (PTP1B)	School of Medicine	July 30, 2011	70865
Chemical wastewater treatment package	School of Public Health	October 11, 2011	71891
Production of magnesium (Nutritional Powder)	School of Public Health	December 18, 2011	72926
Bio-technology invisible contact lens	School of Medicine	February 29, 2012	74145
Catheter equipped with a warning system to prevent accidental intra-arterial injection	School of Allied Medical Sciences	January 09, 2012	73482
Parenteral formulations and manufacturing processes of arsenic trioxide	School of Pharmacy	November 16, 2011	72391
